CHECKLIST

Self-Exclusion Checklist: Steps to Block Access

- [ ] Decide whether to exclude from one site, one operator or every licensed site
- [ ] Gather full name, address, date of birth and email as they appear on accounts
- [ ] Visit the registration page and choose the minimum duration
- [ ] Confirm identity through security questions or document upload
- [ ] Check that existing accounts close and balances are returned
- [ ] Install blocking software to cover unlicensed sites
- [ ] Arrange ongoing support through a helpline, counsellor or peer group
- [ ] Plan for the end of the exclusion period before it arrives
